

10 February 2020

TO WHOMSOEVER IT MAY CONCERN

Mr. Ram Pandey has worked with Shrex Design as a Software Developer and during this time, he was a dependable person who has lived up to his expectations and deadlines.

Mr. Pandey was an asset to the company. He was always cheerful and willing to assist with any task. In addition, Mr. Pandey was motivated and interested in learning. To this end, he often assisted our teams on their tasks so that he knew the status and learned each and every aspect of the deliverables.

He has displayed proficient skills in PHP and JavaScript and has contributed to a great extent to our projects.

I highly recommend him to any future employer or organization and wish him the very best of luck for his future endeavours.

Sincerely,

Shreyash Mishra

Executive Director, Technology.
